MASTER'S and MBA

Guide

Presented by

California State University, Fullerton College of Business and Economics

The Cal State Fullerton College of Business and Economics is a regional academic powerhouse located in Orange County, the third-most economically diverse county in the nation.

As the largest accredited business school on the West Coast—and the only one to hold dual AACSB accreditation in business and accounting in Orange County—CSUF's College of Business and Economics offers the breadth and depth of programs that are expected within a large, well-established business school, while boasting the resources and development opportunities essential to maximizing an MBA degree and advancing a business career.

Leveraging the diversity and entrepreneurial spirit of Southern California, the College of Business and Economics provides a world-class business education that integrates classroom learning with real-world experiences incorporating best business practices, technology and research.

Students study business on a global scale. They are immersed in cross-cultural practices and learn from world-renowned faculty who are experts and thought leaders in their respective fields. Students also tap into the college's deep connections in the local business community, as well as a network of more than 65,000 alumni across a wide spectrum of industries.

The college is home to more than a dozen Centers of Excellence, which serve as a bridge between the classroom and a successful career. The centers work with an impressive range of companies, from micro-enterprises to Fortune 500 firms. Business leaders share their expertise in the classroom and provide consulting

opportunities for students, who acquire hands-on experience, establish professional connections and expand their résumés.

A hub for career and professional development with connections to top executive mentors and employers in Southern California, the college's dedicated career center supports career advancement and change and encourages students to "Think Forward. Be Your Future."

Programs That Fit Your Schedule

Cal State Fullerton's College of Business and Economics is proud to offer two convenient, flexible and cost-effective MBA programs designed for the working professional in two locations: Fullerton and Irvine.

FLEXIBLE MBA

Housed on the Fullerton campus, the Flex MBA offers 11 concentration options and can be either a part-time or full-time program. Depending on the course load taken, the degree can be completed in two to three years. Students may start in the fall or spring, and classes are held in the evening.

FULLY EMPLOYED MBA (FEMBA)

Designed for working professionals and executives who want to maintain career momentum while pursuing an MBA, this 36-month, cohort-based program begins in the fall and is conveniently located in Irvine. Each cohort consists of approximately 25 professionals from diverse backgrounds and industries, offering an instant opportunity for networking and connections. The eight-week courses are held in the evenings to fit busy schedules.

**Argyros School of
Business and Economics**

Argyros School of Business & Economics at Chapman University

Chapman University's Argyros School of Business and Economics has vaulted to No. 72 in the latest Best Business School rankings by U.S. News & World Report. Since Thomas Turk assumed the role of dean five years ago, the Argyros School has jumped 26 places in the national rankings.

"These 2023 rankings validate our position among the top private business schools on the West Coast as well as our overall position among all California schools," said Turk, Ph.D., who holds the Robert J. and Carolyn A. Waltos Endowed Deanship in the Argyros School. "This achievement reflects the quality of our faculty, staff and students, and it shows the impact our school has on the communities we serve."

Notable is that Chapman's MBA program now ranks No. 3 among private universities and colleges on the West Coast. Included in the key metrics accounting for the Argyros School's rise, 91% of full-time Argyros MBAs secured job offers within 90 days of graduation.

"Our personalized approach to education continues to provide a competitive advantage, attracting highly qualified students to pursue their MBA and establish themselves in their careers," Turk said.

The U.S. News rankings of schools with full-time MBA programs are based on a range of indicators, including career placement success, student excellence and qualitative assessments by experts.

Established in 2005, Chapman's full-time MBA program connects talented students with renowned faculty and influential business leaders. The faculty, curriculum and programs equip professionals to think strategically, analyze carefully and act on entrepreneurial ideas. Where future business leaders learn from top educators and executives.

Operating in one of the nation's most dynamic business communities, students

are immersed in both theoretical and real-world business settings and participate in hands-on learning with high-achieving peers. Our programs prepare students to take their professional and personal advancement to new heights by offering a curriculum that will immediately benefit both the student and their organization.

Argyros offers a supportive setting where faculty, staff and business leaders will help students step up to the next level in their careers, with introductions to mentors, alumni and businesses relevant to specific career goals. A personal headhunter who understands each student's professional goals, strengths and development needs, will work with a relentlessly supportive career services team, ready to open doors and to help them land an interview with that dream employer.

**Argyros School of
Business and Economics**

Concordia University Irvine Master of Business Administration (MBA)

Many of our MBA students know at the outset that they have what it takes to become successful business leaders or entrepreneurs. They're just not sure how to harness it. What they need is direction from someone who's been there, to help develop and bring their gifts to fruition. That's where we come in. At Concordia University Irvine, our MBA program has a history of coming alongside such students, regardless of life stage or occupation.

"My husband and I landed on Concordia's MBA program because it checked every single box: it was affordable, close to us, had the accreditations we wanted, and small class sizes. To this day, we can't praise it enough." Jamie Buda MBA '18

This is a program that will help you explore and refine your talents. Whether you want to advance in an established firm or leap into your own startup, you'll learn ways to make it happen. Our flexible and comprehensive program allows you to immediately start applying your education by concentrating on the practical side of business, without ignoring management theory.

Most importantly, you will discover a cooperative and collaborative environment in our classes. Students develop bonds that help advance and last throughout their careers. And Concordia MBA professors teach from experience. In fact, when they're not in the classroom, many are running successful businesses of their own throughout Orange County and the greater Los Angeles area. You will learn from instructors who want to share their insights by mentoring the next class of emerging business talent. They're here to help prepare and equip you for your career path, wherever it leads.

Professional Calling

As a Lutheran Christian university, our MBA courses are taught by faculty who understand God's gifting of individuals. They are dedicated to helping you fulfill your professional calling.

"It was a really good fit because Concordia is focused on having professors and students in the business world, and using that to learn. As a Christian university,

having those values behind the education of business is important to me as well." Michael Simons MBA '18

Six Start Dates Per Year

We offer six start dates throughout the year, so as a working professional, you can make it work with your schedule. Courses are offered Monday-Thursday evenings, with some elective courses also available on Saturdays. Our hilltop campus is conveniently located near the 405 freeway in Irvine.

Sports Business Emphasis

Our modern curriculum is designed to meet the increasing sophistication of sports-specific issues in professional and college sports businesses. With connections to top sports organizations throughout OC, LA, and SD, students gain practical, well-rounded knowledge as they network with professors and classmates.

Internationally Accredited

Our School of Business and Economics voluntarily participated in a rigorous evaluation by highly-trained reviewers and, as a result, is proud to have received accreditation from the International Accreditation Council for Business Education (IACBE). You can be assured that our goal is your academic and occupational success.

"The program opened new possibilities for my life. I had very good experiences with the classes and interactions with other students. I really enjoyed the collaboration. I feel comfortable applying for any business-related position now." Lucie Wang MBA '19

Take the Next Step in Your Career Today

Our MBA is offered at a fraction of the cost of other campus-based and private MBA programs—and because we do not require the GMAT, this saves you time and money as well. We simply don't believe that the GMAT is the best predictor of emerging business professionals. Visit our website to contact one of our admissions specialists or start your application today.

Sports is big business. We can be your competitive edge.

“Concordia has a feel for what students and businesses are looking for. Their new sports MBA program promises to be a great success.”

— Leigh Steinberg, Chairman & CEO, Steinberg Sports & Entertainment

The new **MBA in Sports Business from Concordia University Irvine** is your competitive advantage in the world of sports. It's big business – valued in the hundreds of billions of dollars globally and constantly growing. And this dynamic industry needs leaders with a solid business foundation and contemporary skill sets to lead their organizations. Our modern curriculum is designed to meet the increasing sophistication of sports-specific issues in professional and college sports businesses today. There's no better place to take the next step in your career.

University of California, Riverside School of Business | A. Gary Anderson Graduate School of Management

UCR's A. Gary Anderson Graduate School of Management (AGSM) is one of the fastest growing graduate business schools in Southern California—with good reason.

Our students reflect the diversity of the changing workforce and consumer base, and are connected to the global economy. Our curriculum is STEM-based—bringing elements of programming and access to technology-based tools into the classroom, across all of the business disciplines. Here, at the nexus of international trade and commerce, the future is being shaped through the development of a global community of forward-thinking business leaders.

The mission of UCR Business is to create knowledge through impactful research, unlock potential through exceptional educational experiences, and foster success in an innovative and collaborative environment thereby contributing to the upward mobility for our diverse student population. All that we do is built upon a foundation of core values embedded in inclusion, integrity,

innovation, and collaboration.

Within the MBA curriculum, students may choose among six concentrations to focus their studies: accounting, finance, information systems, management, marketing or operations and supply chain management. In addition, specialized master's programs in accounting, business analytics, and finance are also offered, each one between nine and fifteen months long.

UCR Business has nearly 20,000 alumni around the world and over 70% those alumni stay in Southern California. As a result, the UCR School of Business is instrumental in developing the human capital that drives the region's economic growth and vitality.

Learn why the AACSB-accredited programs at the UCR School of Business are consistently ranked among the top nationwide and around the world. Get to know the Next Generation Business School at UC Riverside. Visit business.ucr.edu or email us at ucr_agsm@ucr.edu.

UCI Paul Merage School of Business

Leadership for a Digitally Driven World™

University of California, Irvine (UCI) The Paul Merage School of Business

Digital technology has drastically changed how companies operate and grow. Will you be able to keep up with the pace of change and innovation? More importantly, will you be prepared to lead the way?

UC Irvine's Paul Merage School of Business MBA programs offer a personalized educational experience to help students develop the tools and leadership skills to think creatively and strategically about the challenges and opportunities created by digital technologies.

Count on a commitment to unparalleled educational quality

The Merage School and its programs consistently rank among the top schools nationally and globally. Worldwide, business leaders choose the Merage School, realizing that its unique combination of curriculum, career advancement, collaboration culture is unparalleled in peer institutions.

"We have made a commitment to our students to provide the highest quality education possible," said Ian O. Williamson, Dean of the Merage School. "Our faculty, students, staff and the business community continually collaborate to ensure our curriculum and resources meet the demands of our students and the employers that hire them. This open dialogue provides tremendous value to our school, our students and the business community."

The UCI Paul Merage School of Business is proud to offer three highly ranked MBA programs:

Full-Time MBA

The Full-Time MBA program is geared toward highly motivated professionals who want to develop critical leadership skills and increase their career potential. Graduates from this unique two-year program represent diverse academic, professional and cultural backgrounds, and rejoin the workforce with a leadership skill set for the digital world

Fully Employed MBA (FEMBA)

The Fully Employed MBA program is designed for early to mid-career working professionals and managers who want to pursue a graduate education while they

continue their career climb. Students have the flexibility to customize the program around their career objectives and graduate in as few as 24 months. FEMBA students also participate in an international experiential learning opportunity and an executive leadership residential, both unique to the Merage School program. Classes are offered weeknights on-campus and in a hybrid format that combines the best in online learning with four on-campus Saturdays per quarter.

Executive MBA (EMBA)

The Executive MBA program is designed for those who want to immerse themselves in the dynamic thinking required in our current business environment and aligns with the career goals of mid to senior-level professionals. Classes are held every third weekend for 21-months beginning in September in a format that supplements in-class sessions with state-of-the-art online learning between class weekends. A Healthcare Leadership Track has been built out within EMBA for those who want to apply their knowledge of business as a leader in the changing healthcare industry.

Specialized Masters Programs

In addition to these well-respected MBA programs, the Merage school also offers four specialized one-year master's degree designed for early career professionals ready to launch into their field.

- **Master of Finance:** Preparing students for entry and mid-level finance positions such as risk management, portfolio management, asset and wealth management.
- **Master of Innovation and Entrepreneurship:** The only program of its kind in the UC System, providing extensive integrated and immersive academic and practical experience for students looking to embark on careers as entrepreneurs (innovating to form new companies) and intrapreneurs (innovating within existing companies).
- **Master of Professional Accountancy:** Preparing students for a successful accounting career by offering an intensive and comprehensive one- or two-year option.
- **Master of Science in Business Analytics:** Preparing students for high-demand opportunities in big data and business analytics across a variety of industries throughout California and beyond.

Leadership for a Digitally Driven World™

Vanguard University

Vanguard University's Graduate and Nursing programs empower students to discern their calling, discover their giftedness and develop their competencies. Our professors are committed to a quality education with relevance to the demands of the marketplace, are sensitive to the unique needs of the adult learner and working professional and are committed to a Spirit-empowered life of Christ-centered leadership and service. Founded in 1920, Vanguard celebrates a hundred years of milestones and achievements and educates nearly 2,200 students across six graduate degree programs and more than 30 undergraduate majors and concentrations.

Clinical Psychology

The Master of Science in Clinical Psychology program equips students to serve their community with Christ-centered excellence in a collaborative and supportive environment. These programs range from Marriage and Family Therapy to Professional Clinical Counseling, each with tailored schedules to help aid work-school balance. Vanguard's Clinical Psychology program provides the highest quality of rigorous academic training, guided professional development and integrative faith-based learning for Christian mental health professionals. Offered online and on-campus.

Education

The Master of Arts in Education helps teachers develop supportive professional relationships, classroom skills and a growing knowledge to empower their students to reach their highest potential. Offering a variety of accreditations, Vanguard's Graduate Education tracks provide teachers with multiple opportunities to make connections with their students and offer classroom impact. This program integrates a vibrant Christian faith into all facets of learning and life in the classroom and beyond. Programs Available:

Teaching Credential – Single Subject, Multiple Subject

Master of Arts in Education:

Curriculum & Instruction

Christian Education Leadership Emphasis

Teacher Leadership Emphasis

Leadership Studies

The Master of Arts in Leadership Studies is dedicated to training and assisting emerging spiritual leaders. This program creates purposeful learning environments that focus on building and transforming communities locally and globally. Integrating the best practices of real-world leadership with theology, culture, ethics and spirituality, students learn to think critically, invite collaborative participation and cultivate long-standing networks. Students can choose between 3 different concentrations: Christian Spirituality, Hispanic Leadership or Women & Justice. Offered online and on-campus.

Nursing

The Department of Nursing is committed to equipping students with an exceptional undergraduate and graduate nursing education, taught by professors who provide mentorship through a dynamic learning community. Offering a variety of programs, Vanguard's Nursing department is a stimulating learning

environment providing excellent training and committed to compassionate and holistic patient care. Programs available:

RN to Master of Science in Nursing – Nurse Educator

Master of Science in Nursing – Education & Leadership

Post-Master's Certificate – Psychiatric & Mental Health NP

Offered online and on-campus.

Organizational Psychology

Achieving a master's degree in Organizational Psychology is a commitment to enhancing workplaces through academic quality and professional respectability. Work impacts the lives of many individuals within organizations, and organizational health could be the difference between an extremely fulfilling career or a traumatic work experience. Organizational Psychology is an opportunity to advance and understand professional excellence, ethical leadership and how to better serve society. Programs available:

Master of Science in Industrial-Organizational Psychology

Master of Arts in Organizational Psychology

Offered online and on-campus.

Theology

The Master of Arts in Theology offers rigorous study in the various disciplines of biblical, systematic and historical, and applied theology. Students will develop a range of competence in biblical theology, historical contextualization and learn how to interpret scripture. The program invites students to join our learning community to be empowered for advanced study or ministry in the church. Offered online and on-campus.

Focus on Your Future. Apply Today!

PEOPLE-FOCUSED. PURPOSE-DRIVEN.

The Drucker School embraces the core belief that responsible management is the backbone of a functioning society. We proudly continue the legacy of Peter F. Drucker, whose work affirms that companies and managers must prioritize human thriving in their organizations and focus on both purpose and performance—ideas that are more important than ever.

AN MBA TO FIT YOUR LIFE

The MBA programs of the Drucker School of Management are flexible and designed to support working professionals and full-time students alike. We provide online, hybrid, and in-person course options, so that you can fit courses around your life as your needs evolve semester-to-semester. No matter the way courses are offered, we believe that the best learning happens in small classes led by approachable faculty who are experts in their fields. So, whether you are taking courses on our beautiful campus within the vibrant community of Claremont or choose to earn your degree entirely online, you will be provided the same transformative liberal arts experience you would expect from the Drucker School.

FLEX MBA

Designed for working professionals with at least six years of work experience, the Flex MBA provides middle- and senior-level managers with training in management fundamentals and leadership. Students can take advantage of dedicated hybrid sections for Flex MBAs or substitute online or in-person sections.

MBA

The MBA program provides a rigorous curriculum with both in-person and online options for early-career professionals. Students earn up to three certificates as part of their coursework and select from various concentrations to further focus their studies.

AND MORE ...

We offer specialized degrees in arts management, finance, and leadership and dozens of dual degree options with programs across the university. With a dual degree, you can earn two degrees simultaneously and create an ideal educational path for your professional goals, such as an MBA paired with a Master's in Public Health or an MS in Information Systems and Technology.

University of La Verne's Flexible MBA Prepares Working Professionals for the Challenges of Leadership and Management

For experienced working professionals looking to earn a Master's in Business Administration at a time and place that works for them, University of La Verne's MBA for Experienced Professionals degree is an excellent fit. The program is tailored to those with at least three years of experience who want to take the next step toward leadership positions in their careers.

To provide maximum convenience and flexibility, the program is offered online and is also available in hybrid format at several of our campus locations throughout California, including La Verne, Bakersfield, Burbank, Irvine, Ontario, and Santa Clarita, as well as at Vandenberg Space Force Base and Naval Base Ventura County.

The program helps students learn relevant skills and apply them in their workplace. Students gain solid communication, teamwork, and leadership skills from faculty with diverse business backgrounds. Students also learn problem-solving techniques and gain a strategic understanding of the functional and operational areas of business.

In class, students put these skills to the test, giving them practical experience for their careers. Students graduate with the ability to utilize information technology, allocate financial resources, design an effective organization, improve productivity, craft a strategic plan, and communicate effectively.

The program offers eleven concentrations so students can receive a graduate education tailored to their field, including: accounting, finance, human resource management, information technology, international business, management and leadership, organizational development, nonprofit management, marketing, supply chain management, and health services management.

The University of La Verne's Online MBA program was ranked top five in California by Fortune, and among the best in the country by U.S. News & World Report.

In addition to the MBA for Experienced Professionals, University of La Verne also offers a standard MBA for students who are earlier in their careers.

University of La Verne

USC Gould School – Master of Studies in Law

Six years ago, USC's Gould School of Law launched its online Master of Studies in Law (MSL) degree. Today, the innovative program is redefining excellence in online learning, and has helped scores of students expand their business expertise with an essential legal education.

Since 2016, the MSL program has drawn non-lawyer professionals from a diverse range of industries and organizations — spanning the business sector, finance, media, entertainment, human resources and health care, among many other fields. With its career-focused approach, the MSL provides foundational skills and knowledge on legal issues directly related to students' areas of work.

Benefits that set the MSL apart

Offered by USC Gould (ranked among the top 20 law schools nationwide), the MSL program offers the convenience of completing the degree 100% online, and the flexibility to study part-time – an ideal format to balance with work schedules. Students are supported by a team of experienced advisors who provide one-on-one guidance, from course selection to career development.

Courses are taught by dedicated and distinguished faculty, including top practitioners; and the online experience features small class sizes that allow for

greater student-instructor interaction.

In addition, no LSAT or GRE test is required; and no prior law degree is required either. Scholarships are considered for all applicants. Beyond the classroom, students gain access to the global Trojan Family network, which includes connections to more than 14,000 USC Gould alumni.

Courses that meet your interests

MSL students can tailor their educational experience with an industry-specific certificate, which can be completed at no additional cost, as part of the MSL program.

Certificates include: Business Law; Entertainment Law and Industry; Human Resources Law and Compliance; Privacy Law and Cybersecurity; Compliance; Financial Compliance; and Health Care Compliance.

Corporate sponsorship opportunities

USC Gould partners with numerous organizations that offer scholarship savings as an employee benefit. For more information about the MSL, including corporate partnerships, visit bit.ly/usc-corporate-ed or email corporatcustomed@law.usc.edu.
