## Arrow IoT: Scaling and Accelerating IoT Solutions From Sensor to Sunset

Creating and deploying connected solutions requires expertise across a broad span of technologies from sensors, embedded compute, short- and long-range wireless connectivity, gateways, cloud platforms and application development. It also requires expertise in real-time service monitoring and management and full life-cycle management. Organizations typically have strengths in some of these areas – for example, either on the device creation side, but not on the applications and operations side or vice versa. This gap, or chasm, in bridging the technologies and capabilities results in organizations taking a lot longer to bringing their solutions to market resulting in lost revenue or continued inefficiencies in operations.

Arrow's **Sensor to Sunset™** IoT capabilities represent a comprehensive portfolio of technology and services to help you **create, connect, monitor, and sustain** your connected products and solutions. Arrow can provide the complete technology stack from sensors, wireless connectivity, gateways to cloud platforms, data ingestion, aggregation and visualization, analytics, and security. Arrow's service capabilities span ideation, design, integration, manufacturing, logistics, financing, wireless connectivity with billing services, marketing, monitoring and managed services, and sustainable and secure end of life cycle disposition.

Whether you're looking to **create** your own connected solution or looking to use IoT technology, Arrow can help you create and architect the right solution. Start with ideation services to help you flesh out your concept and lead you to practical solutions. Leverage design services to help engineer and architect your device or solution. We can lead your hardware and software/firmware engineering and integration leveraging our broad and global engineering expertise.

For IoT, **connectivity** is required both from a network perspective as well as from a middleware infrastructure from the devices through gateways to cloud platforms and Arrow can provide both.

Arrow Managed Services provides expert assistance, customized call handling and workflow methodology coupled with incident management and notification to meet your IT Service Management and IT Service Desk requirements to meet all your **monitoring** needs.

Arrow **Sustainable Technology (S-Tech)** provides services to help you design your products for EOL, as well as provide services to securely and environmentally responsibly dispose of the assets.

# Making Your Time Count

Let's face it. Time can prove to be quite elusive, and yes, even expensive. Harvey Mackay, the successful businessman, author, and syndicated columnist perhaps summed up the challenges of this commodity best when he said, "Time is free, but it's priceless." So it should come as no surprise that at BEST-VIP Chauffeured, we pride ourselves in capturing time for successful business executives, giving them more time for family, their work, and for other things that matter most.

Your executive chauffeur service should take you anywhere you need to go- on time, every time. It starts with your transportation company meeting you promptly, getting you to the vehicle quickly, and following the most efficient routing to your destination. It means your chauffeur arrives early, saving executives anxious moments of wondering, and proactively monitoring airline schedules and traffic patterns for avoiding possible delays or changes.

**The BEST for You AND for Executive Assistants and Travel Managers as Well**  
Saving time with executive transportation logistics should not end with the traveling executive. It transcends beyond the passport holder or board member to include those who schedule and plan, and it should be an easy, seamless process. With one quick call, online click, or opening an app, they should be able to fast-track the ideal airport transfer effortlessly.

**Now For a Limited Time...Saving Time Will Cost You Nothing**  
BEST-VIP Chauffeured has an enviable reputation for offering best in-class transportation for busy executives, throughout Southern California and in over 500 cities and 50 countries. But don't take our word for it. We want you or your executive team to experience the absolute BEST in chauffeured transportation. And to experience first-hand the BEST-VIP Chauffeured difference, we're giving away 100 free airport round trip transfers to frequently traveling C-Level Executives in the Orange County area who haven't experienced our service before.  
**Save Time on Us at BEST-VIP Chauffeured...at NO CHARGE**  
Seriously...there's no catch, no strings attached. Just some basic rules:

- ▶ The all-inclusive round-trip rides include everything: chauffeur's gratuity, applicable tolls, parking, bottled water, everything!
- ▶ Trips will be distributed on a first-come, first-served basis until all 100 roundtrips are awarded.
- ▶ Executive Assistants and travel managers who are responsible for regularly

arranging travel for C-level executives are the only ones who can apply for this offer.

- ▶ The executive must be a frequent traveler who flies in or out of the Orange County area at least 10 times a year.
- ▶ This is open to those executives who have NOT used BEST-VIP in the past
- ▶ Pick-up and drop-off locations must be in our local service area.
- ▶ Multiple requests from the same person with additional C-level executives will be considered on a case-by-case basis.

To apply, go to [www.best-vip.com/100-giveaway](http://www.best-vip.com/100-giveaway) right now and fill in the blanks. We will get back to you quickly.

We look forward to serving your executive transportation needs and showing why more and more C-level executives, VIP's, and celebrities trust BEST-VIP Chauffeured for reliable, professional chauffeured transportation.

## West Coast Aviation Services Celebrates 30 Years of Success

Founded in 1987, West Coast Aviation Services has grown from humble beginnings as a small startup charter plane company with a single aircraft, to the multifaceted operation we are today. Now, more than 30 years later, we are a full-service, private aviation company headquartered at John Wayne Airport in Orange County, CA with an extensive aircraft charter fleet that continues to expand.

With aircraft based throughout Southern California, as well as the Las Vegas/Henderson area, West Coast Aviation Services has become well-known for our integrity, persistence and an unfailing commitment to our customers.

Whether flying for business or pleasure, booking a Charter flight with West Coast Aviation Services is truly superior to any other mode of travel. Flying with us provides the ultimate in convenience, flexibility, safety, security, and comfort. We go above and beyond to make each flight the most pleasurable, stress-free experience possible. Highly personalized service and total focus on what matters to you most are our forte.

We provide access to a large, diverse fleet of charter-ready aircraft. Our California-based fleet features a lineup of pristine, large-cabin Challenger 604s; mid-cabin aircraft such as the Hawker 900XP, the light cabin Premier 1A, the new Piaggio Evo and the multiple super-efficient King Air 350s and B200s. And the busy Nevada-based fleet includes an expanding young stable of immaculate Citations currently comprised of two CJ3+'s and two M2s.

Feeling spontaneous? If you're looking for the next big adventure on the spur of the moment, our Next Day Deals are for you! Our clients can take advantage of last minute empty leg flights that become available for next day travel for rates as low as \$599 and \$999. We also offer One-Way flights for future dates at the best possible prices.

For frequent Charter flyers, we also offer a no-nonsense Fleet Pass membership program that gives you significant savings and flexibility. As a Fleet Pass member, you will have access to our entire Charter fleet, where you're not locked into any one particular type of aircraft. With Fleet Pass, you gain the full benefits of executive charter flights without compromise.

Interested in partial ownership of an aircraft? With our Fractional Sales Ownership opportunity, you can enjoy the freedom and flexibility of owning your aircraft with

minimal cost. With shared, or fractional, ownership, you purchase a share of an aircraft, be it a King Air 350 or a Piaggio. You enjoy flexibility and guaranteed availability of your aircraft-type with minimum advance notice, consistency of amenities and service. You also enjoy a greatly reduced price of entry, lower maintenance costs, and reduced tax liability.

When you're in the market for acquiring an aircraft of your own, our Aircraft Sales division specializes in the sale, acquisition, ownership, and operation of large, medium and small cabin jets and turboprop aircraft. We have been matching people to the right aircraft for more than two decades, and are dedicated to maximizing our clients' positions during the purchase, sale, and operation of aircraft around the globe. ## Host Your Holiday Event at Andrei's

The holidays are around the corner and Andrei's has your event needs covered. Whether you're hosting an intimate dinner for 10 or a corporate reception for 300, Andrei's has the ideal setting to accommodate your event. With the addition of the new Dandelion Café + Catering, Andrei's can now come to you to create the perfect holiday event at your home or office. Presenting friendly and professional service with artfully presented cuisine is Andrei's focus, and it will surely impress you and your guests throughout the experience.

Andrei's offers several venue options for your private events. There is a beautiful and convenient event facility on the ground floor. Andrei's event facility can host as few as 10 guests or as many as 175 seated guests, and up to 300 cocktail reception guests. Enjoy a large private patio, stunning onyx bar, 120" projection screen for presentations, a podium and wireless microphone, as well as Andrei's signature cuisine and bar offerings.

For a truly spectacular private event, the entire restaurant may be rented on certain dates. Starting with the two-story granite and limestone lobby and waterfall, follow the stairs to the second-floor restaurant to discover a distinctly contemporary and warm atmosphere. The large open windows reveal glimpses of Andrei's private citrus and herb garden terrace, and some of the area's most beautiful high-rises, providing a cosmopolitan dining experience right in the heart of Irvine. The sustainable pecan floors, central granite bar and large open floor plan create an ideal environment for a cocktail reception or elegant dinner.

Chef Porfirio Gomez sources ingredients from local farms and ranches to invent dishes that delight the senses and provide a creative alternative to standard banquet fare. Andrei's menu options abound, from traditional three-course menus featuring items like Seasonal Beet Salad and All-Natural Filet Mignon, to sumptuous buffets and stations serving everything from an array of sliders to custom pastas. Andrei's California-inspired private event menu offers something for every palate. The bar subscribes to the same philosophy, using only fresh juices, fruits, herbs and liquors to develop a tantalizing array of specialty cocktails and a wine list that is equally thoughtful and diverse.

Owner Natalia Ostensen opened Andrei's in 2009 as a tribute to her late brother, Andrei, and his belief in eating natural, local and sustainable food while also supporting a relaxing, friendly and inspiring atmosphere for guests. In order to further these ideals, all of the restaurant's profits are donated to the Andrei Foundation ([www.andreifoundation.com](http://www.andreifoundation.com)), which supports a number of local charities.

In addition to holiday events, Andrei's is wonderful for corporate meetings, charitable events, weddings, b'nai mitzvahs, tradeshow, anniversary and birthday celebrations. ## Canaletto Ristorante Veneto, Newport Beach

Canaletto Ristorante Veneto, located in Newport Beach's renowned Fashion Island, offers guests the most authentic, complete Venetian dining experience in the country. Canaletto's sophisticated, welcoming Italian ambiance is highlighted by gracious and abundant hospitality, five-star service at every table and a diverse menu with choices for every taste.

Executive Chef Maurizio Mazzon has recreated the authentic foods from his Veneto, Italy homeland through signature dishes starting with classic Venetian breads served with extra-virgin olive oil and balsamic vinegar, fresh seafood, expertly prepared rotisserie and grilled meats, along with poultry and game specialties. *Salumi* cured meats, sliced using a Berkel gravity feed slicer to ensure the meat's flavor isn't changed through the slicing process (electric slicers can warm the meat during slicing) are available at an on-site Italian *Mercato* along with fresh oysters and shrimp, as well as seafood sourced for the restaurant's specialty dishes. Guests will enjoy the extensive menu of risottos prepared to order Venetian-style, housemade and imported pastas, authentic thin-crust Italian pizzas from a wood-burning oven, Italian salads and soups, seasonal *antipasti*, and a wide variety of regional desserts made on-site.

Canaletto's namesake is the famous 17<sup>th</sup> century Venetian artist Giovanni Antonio Canal, known for his large scale cityscapes of Venice. Echoing the painter's style, Canaletto's architecture was inspired by the great restaurants of Venice. The multiple-room interior is designed to comfortably fill the third place in guests' lives, between home and work, a place for a celebratory meal or an after-work drink.

Canaletto's menu, combined with its distinctive wine list sourcing great labels from the same region of Italy, results in a truly authentic Veneto-inspired dining experience for guests at lunch or dinner. Canaletto's expert staff makes guests feel immediately welcome and eager for their return to Canaletto's Italian hospitality.
