

INNOVATOR

of the YEAR AWARDS

2023
Keynote Speaker

KURT BUSCH

Co-Founder & CEO,
Syntiant Corp.

S Y N T I A N T

Kurt Busch is co-founder and CEO of Syntiant Corp. He has extensive experience in product development, having driven the successful launch of numerous products, ranging from SaaS and semiconductors for telecom and broadcast video to consumer electronics and data center systems. Prior to Syntiant, he was president, and chief executive officer of Lantronix a NASDAQ listed provider of solutions for Internet of Things.

Mr. Busch has been in the semiconductor industry for over 30 years and has had most roles from design Engineer to CEO of a public company. He is an engineering hall of fame inductee of the University of California at Irvine, where he earned Bachelor of Science degrees in electrical engineering and biological science. He holds a Master of Business Administration from Santa Clara University. When not working on semiconductors, he is proud to be the Scoutmaster for Troop 724 out of San Juan Capistrano.
