Cal State Fullerton College of Business and Economics

The Cal State Fullerton College of Business and Economics is a regional academic powerhouse located in Orange County known for launching the careers of a diverse student population.

As the largest accredited business school on the West Coast — and the only one to hold dual AACSB accreditation in business and accounting in Orange County — CSUF's College of Business and Economics offers the breadth and depth of programs that are expected within a large, well-established business school, while boasting the resources and development opportunities essential to maximizing an MBA degree and advancing a business career.

Leveraging the diversity and entrepreneurial spirit of Southern California, the College of Business and Economics provides a world-class business education that integrates classroom learning with real-world experiences incorporating best business practices, technology and research.

Students study business on a global scale. They are immersed in cross-cultural practices and learn from world-renowned faculty who are experts and thought leaders in their respective fields. Students also tap into the college's deep connections in the local business community, as well as a network of more than 75,000 alumni across a wide spectrum of industries.

The college is home to more than a dozen Centers of Excellence, which serve as a bridge between the classroom and a successful career. The centers work with an impressive range of companies, from small family-owned businesses to Fortune 500 firms. Business leaders share their expertise in the classroom and

provide consulting opportunities for students, who acquire hands-on experience, establish professional connections and expand their résumés.

A hub for career and professional development with connections to top executive mentors and employers in Southern California, the college's dedicated career center supports career advancement and encourages students to "Think Forward. Be Your Future."

Programs That Fit Your Schedule

Cal State Fullerton's College of Business and Economics is proud to offer two convenient, flexible and cost-effective MBA programs designed for the working professional.

FLEXIBLE MBA

The Flex MBA offers 10 concentration options and can be either a part-time or full-time program. Depending on the course load taken, the degree can be completed in two to three years. Students may start in the fall or spring, and classes are held in the evening.

FULLY EMPLOYED MBA (FEMBA)

Designed for working professionals and executives who want to maintain career momentum while pursuing an MBA, this 36-month, cohort-based program begins in the fall. Each cohort consists of approximately 25 professionals from diverse backgrounds and industries, offering an instant opportunity for networking and connections. The eight-week courses are held in the evenings to fit busy schedules.

Concordia University Irvine Master of Business Administration (MBA) - School of Business & Economics

Many of our MBA students know at the outset that they have what it takes to become successful business leaders or entrepreneurs. They're just not sure how to harness it. What they need is direction from someone who's been there, to help develop and bring their gifts to fruition. That's where we come in. At Concordia University Irvine, our MBA program has a history of coming alongside such students, regardless of life stage or occupation.

"My husband and I landed on Concordia's MBA program because it checked every single box: it was affordable, close to us, had the accreditations we wanted, and small class sizes. To this day, we can't praise it enough." Jamie Buda MBA '18

This is a program that will help you explore and refine your talents. Whether you want to advance in an established firm or leap into your own startup, you'll learn ways to make it happen. Our flexible and comprehensive program allows you to immediately start applying your education by concentrating on the practical side of business, without ignoring management theory.

Most importantly, you will discover a cooperative and collaborative environment in our classes. Students develop bonds that help advance and last throughout their careers. And Concordia MBA professors teach from experience. In fact, when they're not in the classroom, many are running successful businesses of their own throughout Orange County and the greater Los Angeles area. You will learn from instructors who want to share their insights by mentoring the next class of emerging business talent. They're here to help prepare and equip you for your career path, wherever it leads.

Professional Calling

As a Lutheran Christian university, our MBA courses are taught by faculty who understand God's gifting of individuals. They are dedicated to helping you fulfill your professional calling.

"It was a really good fit because Concordia is focused on having professors and students in the business world, and using that to learn. As a Christian university, hav-

ing those values behind the education of business is important to me as well." Michael Simons MBA '18

Six Start Dates Per Year

We offer six start dates throughout the year, so as a working professional, you can make it work with your schedule. Courses are offered Monday-Thursday evenings, with some elective courses also available on Saturdays. Our hilltop campus is conveniently located near the 405 freeway in Irvine.

Sports Business Emphasis

Our modern curriculum is designed to meet the increasing sophistication of sports-specific issues in professional and college sports businesses. With connections to top sports organizations throughout OC, LA, and SD, students gain practical, well-rounded knowledge as they network with professors and classmates.

Internationally Accredited

Our School of Business and Economics voluntarily participated in a rigorous evaluation by highly-trained reviewers and, as a result, is proud to have received accreditation from the International Accreditation Council for Business Education (IACBE). You can be assured that our goal is your academic and occupational success.

"The program opened new possibilities for my life. I had very good experiences with the classes and interactions with other students. I really enjoyed the collaboration. I feel comfortable applying for any business-related position now."

Lucie Wang MBA '19

Take the Next Step in Your Career Today

Our MBA is offered at a fraction of the cost of other campus-based and private MBA programs —and because we do not require the GMAT, this saves you time and money as well. We simply don't believe that the GMAT is the best predictor of emerging business professionals. Visit our website to contact one of our admissions specialists or start your application today.

University of California, Irvine (UCI) Paul Merage School of Business

Digital technology has drastically changed how companies operate and grow. Will you be able to keep up with the pace of change and innovation? More importantly, will you be prepared to lead the way?

UC Irvine's Paul Merage School of Business MBA programs offer a personalized educational experience to help students develop the tools and leadership skills to think creatively and strategically about the challenges and opportunities created by digital technologies.

Commitment to Unparalleled Educational Quality

The Merage School and its programs consistently rank among the top schools nationally and globally. Worldwide, business leaders choose the Merage School, realizing that its unique combination of curriculum, career advancement, and collaboration culture is unparalleled in peer institutions.

"We have made a commitment to our students to provide the highest quality education possible," said Ian O. Williamson, Dean of the Merage School. "Our faculty, students, staff and the business community continually collaborate to ensure our curriculum and resources meet the demands of our students and the employers that hire them. This open dialogue provides tremendous value to our school, our students and the business community."

The Merage School is proud to offer three highly ranked MBA programs:

Full-Time MBA The Full-Time MBA program is geared toward highly motivated professionals who want to develop critical leadership skills and increase their career potential. Graduates from this unique two-year program represent diverse academic, professional and cultural backgrounds, and rejoin the workforce with a leadership skill set for the digital world.

Flex MBA (formerly Fully Employed MBA)

The Flex MBA program is designed for working professionals and the demands on their schedules. Students receive the same world-class education with the the UCI

Paul Merage School of Business flexibility to take classes in-person at our beautiful Irvine campus, online, or a combination. The Flex MBA allows you to customize your MBA experience. Students also participate in an executive leadership residential and an international experiential learning opportunity, both unique to the Merage School program.

Executive MBA

The Executive MBA program is designed for those who want to immerse themselves in the dynamic thinking required in our current business environment and aligns with the career goals of mid to senior-level professionals. Now with new AI infused curriculum. Classes are held one-two Saturdays per month beginning in September in a format that supplements in-class sessions with state-of-the-art online learning between class weekends. A Healthcare Leadership Immersion has been built out within EMBA for those who want to apply their knowledge of business as a leader in the changing healthcare industry.

Specialized Masters Programs

In addition to these well-respected MBA programs, the Merage School also offers four specialized one-year master's degree designed for early career professionals ready to launch into their field.

- **Master of Finance:** Preparing students for entry and mid-level finance positions such as risk management, portfolio management, asset and wealth management.
- **Master of Innovation and Entrepreneurship:** The only program of its kind in the UC System, providing extensive integrated and immersive academic and practical experience for students looking to embark on careers as entrepreneurs (innovating to form new companies) and intrapreneurs (innovating within existing companies).
- **Master of Professional Accountancy:** Preparing students for a successful accounting career by offering an intensive and comprehensive one- or two-year option.
- **Master of Science in Business Analytics:** Preparing students for high-demand opportunities in big data and business analytics across a variety of industries throughout California and beyond.
