

60 YEARS OF TAIT

Since 1964, family-owned TAIT

has been dedicated to Orange County and improving our community through the design and development of our physical environment. The entrepreneurial spirit embedded in our firm has enabled us to grow and diversify nationwide. We are thrilled to celebrate this 60th anniversary milestone and share some of our history with you. Through our continued dedication, we remain committed to fostering growth and advancing efforts to help our environment.

[TAKE A JOURNEY WITH US THROUGH THE YEARS](#) 

OUR STORY

An Entrepreneurial Journey through 3 Generations

Our founder, Ken E. Tait, enters the Navy and serves his country honorably in Korea.

Ken Tait receives his Civil Engineering Degree from Montana State University and joins Standard Oil.

Tait on Every Corner

As the population in California rapidly expanded, Tait supported oil companies in designing gas stations throughout the state. Our name became synonymous with 100's of key intersection plans, and Tait quickly scaled its operations to include infield development projects.

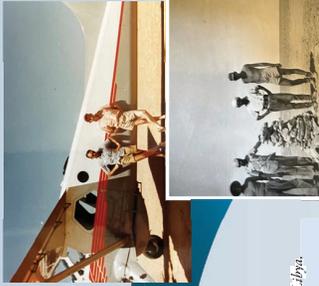

A Pioneer in Environmental Protection

Driven by a commitment to community safety and health, Tait expanded its environmental footprint to provide design, installation, and compliance services for all types of heating systems nationwide.

Tait Strikes Oil

Ken Locates El Gattar #1, the first oil well in Libya.

A New Beginning in Orange County

Looking to start something new, Ken moves his family to Orange County, seeing the beauty and opportunity of the area and launches Tait & Associates.

Developing the Future of Orange County

With a focus on growth, Tait continues to expand its reach nationwide while deepening its impact in Orange County, delivering major commercial, retail, and residential projects that drive community development.

Professional Services for Development & Public Infrastructure

- Civil Engineering
- Public Infrastructure
- Land Surveying
- Architectural Design

We are engineers to our core. We are passionate about ensuring that society can thrive. Our infrastructure is essential for our modern world, and with projects across the country, we take pride in its progress.

Ensuring Reliable Energy for Critical Infrastructure

- Fuel System Design
- Compliance & Testing
- Fuel Polishing
- Hazardous Waste Hauling
- Fuel Systems Consulting
- EV Infrastructure
- Training

Protecting the environment is vital for a sustainable future. With services spanning over 10,000 sites nationwide, we are dedicated to safeguarding communities from environmental risks associated with fueling systems. As an industry leader, we are also committed to advancing renewable energy solutions to ensure a healthier planet.

Building Community

- Public Private Partnerships
- Community Spaces
- Single & Multifamily Housing
- Senior Living

Tait Development draws on six decades of family ownership and local market expertise to create real estate investment and development opportunities that stand the test of time. Through thoughtful planning and innovative strategies, we deliver projects that drive lasting value for communities and stakeholders alike.

Thank You

As we celebrate this milestone, we reflect on the relationships, achievements, and shared successes that have defined TAIT's legacy.

From innovative projects to meaningful partnerships, every step of our journey has been guided by a commitment to excellence and a passion for serving our community. Looking ahead, we remain dedicated to driving progress, embracing innovation, and making a lasting impact on the communities we serve.

To our clients, partners, associates, and the community, we extend our deepest gratitude for being an integral part of our journey over the past 60 years. Here's to continuing to build a vibrant and sustainable future, together, with TAIT.

Eleven Western Builders Celebrates Excellence with Tait & Associates

At Eleven Western Builders, we've dedicated over four decades to delivering exceptional construction projects across the western United States. From ground-up builds to tenant improvements, we've crafted spaces for grocery stores, hotels, car washes, and more. Our commitment to quality, efficiency, and innovation has made us a trusted partner in the industry.

We recognize that our achievements are shared with our collaborators. Tait & Associates has been a key partner in our success, serving as a trusted building partner for many of our projects.

Over the years, our teams have formed personal connections that go beyond the job site. We've built friendships with Tait's incredible team, and we call them family.

As we celebrate Tait & Associates' milestone, we look forward to many more years of shared success.

About Eleven Western Builders
Eleven Western Builders is a trusted commercial general contractor that has been serving the western United States since 1983.

Our General Contracting Division builds everything from car washes and quick service restaurants to grocery stores, shopping centers and other retail facilities along with hotels and even apartment complexes.

Our Retail Construction Division services smaller projects like open-store remodels, ADA work and more.

Our Facility Services Division provides a single point of contact for all expected and unexpected servicing necessary throughout your building's lifetime.

At Eleven Western Builders, we believe in building relationships as strong as the structures we create. Whether you're looking to refresh an existing space or start from the ground up, we're here to make your vision a reality.
